b. [ ] was questioned on the requirement for secure telephone type communications equipment. He stated that there definitely is such requirement and gave some information as to how it is being handled at present. [ ] expressed interest in the idea of a very narrow beam IR commo system and stated that he would like to discuss this at Commo's Idea panel which meets during the week of 27 December 1955.

*if this is true we should hold up as much as possible in this panel*  
*our position is favorable*
